FAST2SMS

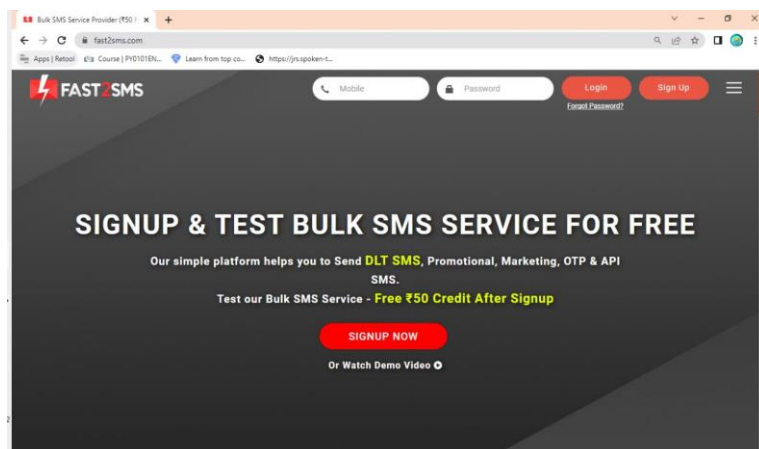

Step 1

Go to Google and search for Fast2SMS

Step 2

Click on Fast2SMS link and sign up

Step 3

Give the details and signup

The screenshot shows the fast2sms.com website with a 'Sign Up' modal open. On the left, a red sidebar contains icons for 'API SMS', 'Bulk SMS', 'Sender ID', 'QR Code', and 'Multimedia SMS'. The 'Sign Up' form on the right includes the following fields: 'Name' (filled with 'Janashri N'), 'Date of Birth' (empty), 'Mobile' (filled with '+91 7695884488'), and 'Email' (filled with 'njanashri@gmail.com'). Each filled field has a green checkmark. Below the fields is a checkbox for 'I agree to Terms & Conditions & Privacy Policy.' and a red 'Submit' button. At the bottom of the modal, it says 'Already have an account? Login' and 'Forgot Password?'.

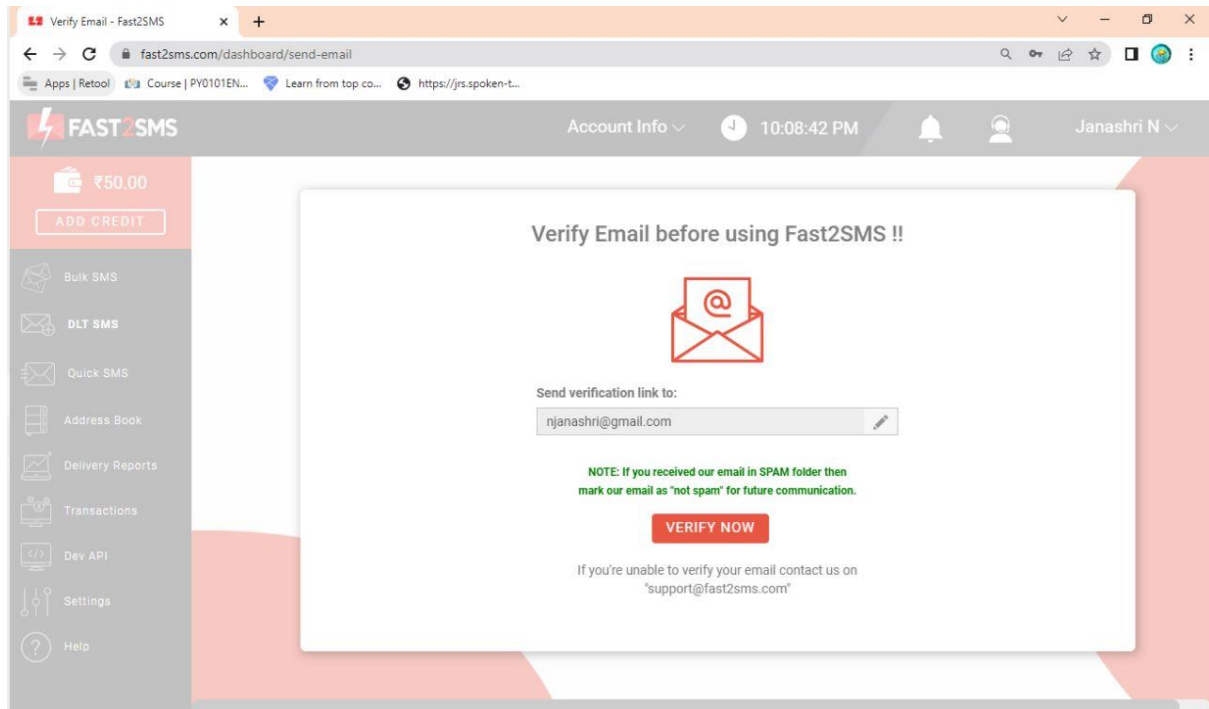

Step 4

Login using registered mail id

The screenshot shows the fast2sms.com website with a 'Login' modal open. On the left, the same red sidebar with service icons is visible. The 'Login' form on the right includes the following fields: 'Mobile' (filled with '+91 Mobile') and 'Password' (filled with a password). Both fields have green checkmarks. Below the fields is a red 'Submit' button. At the bottom of the modal, it says 'Don't have an account? Register' and 'Forgot Password?'. A red error message 'Invalid mobile and password.' is displayed below the password field.

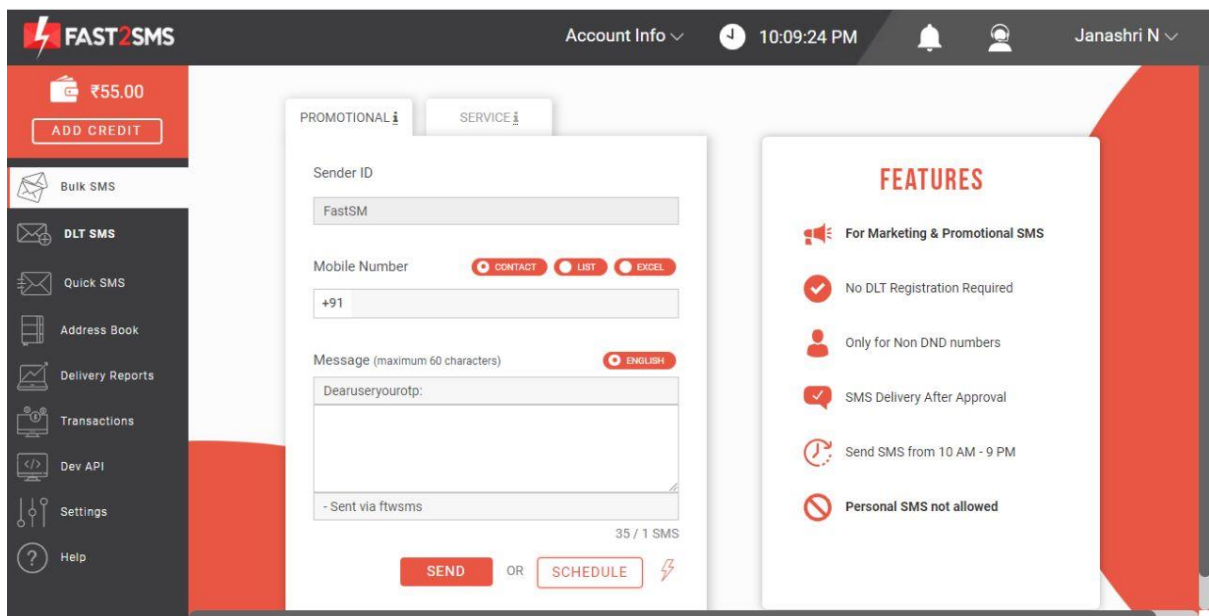

Step 5

Verify mail address to use fast2sms

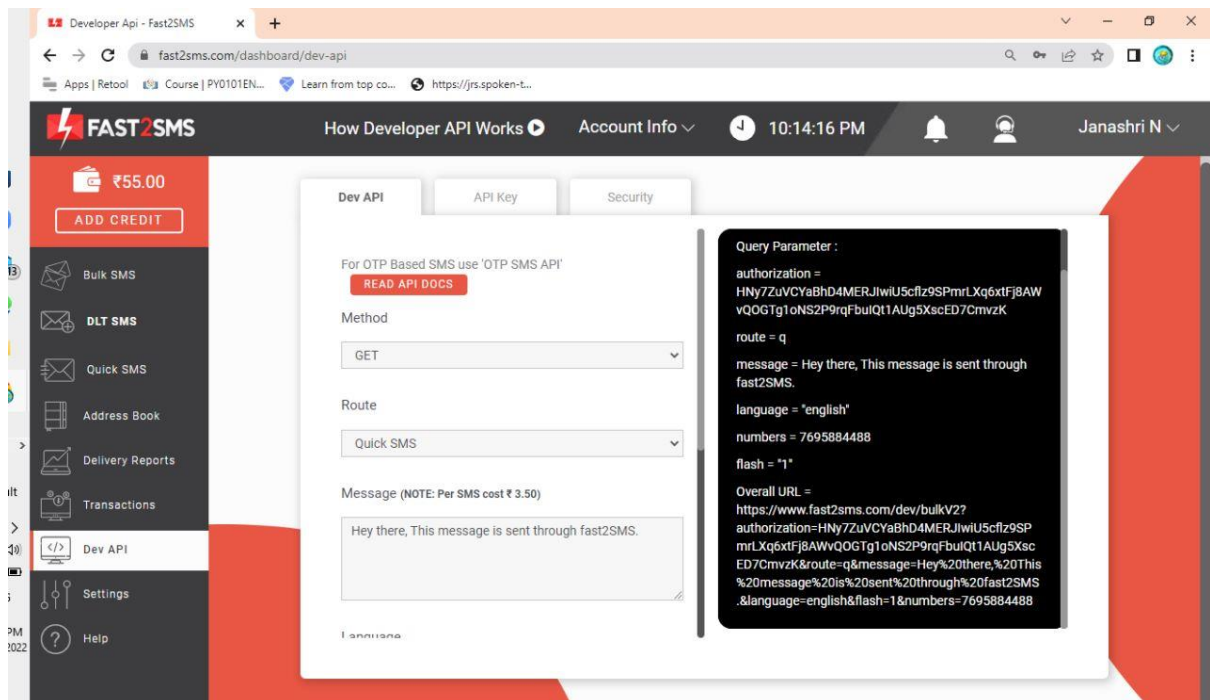

Step 6

Login into the account

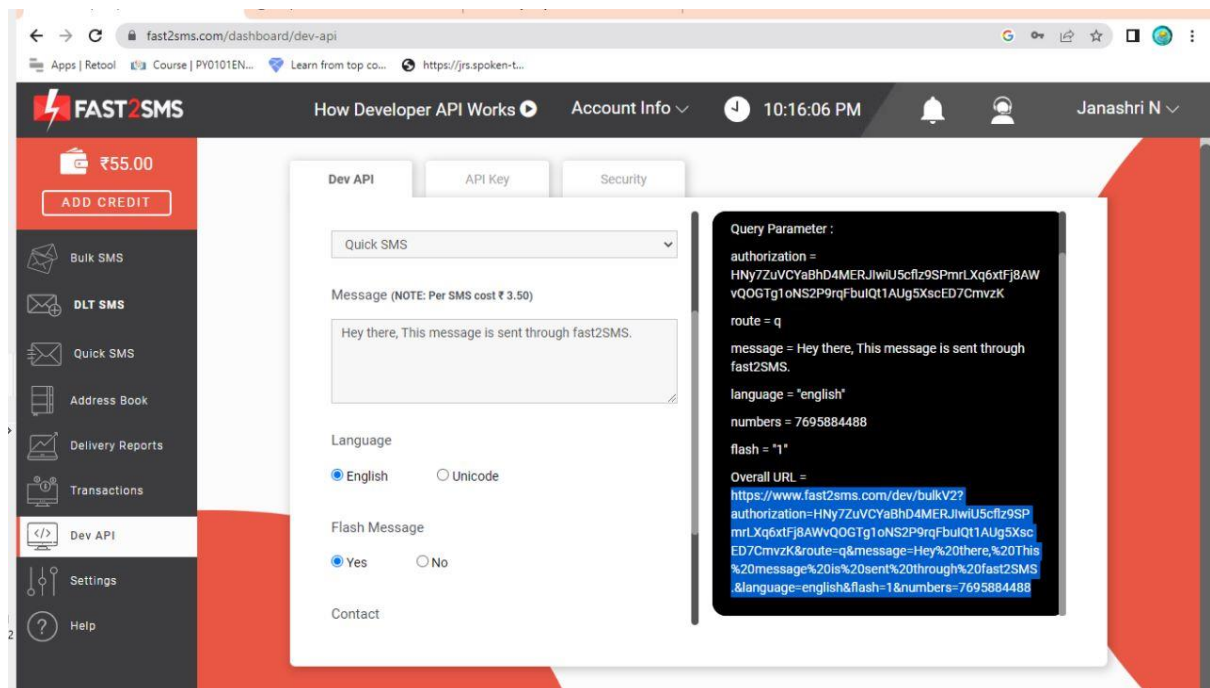

Step 7

Click on Dev API in left bar

Step 8

Type the message that you wanted to send and choose language

Step 9

Click on the overall link given in right side panel and the message will be displayed in the new tab.
Message will also be displayed
